Sir:

RESPONSE UNDER 37 CFR § 1.121(a)

This is in response to the Office Action of October 26, 2001 and in further response to the Office Action of January 30, 2001.

Applicants filed an Amendment Under CFR § 1.121(a) on August 13, 2001 in response to the Office Action dated January 30, 2001. The aforesaid Amendment canceled certain claims, amended claim 33 and added claims 47-67, leaving only claim 33 and claims 47-67 in the application.

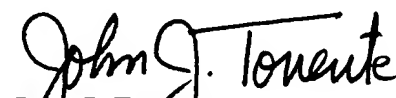

In the Office Action of October 26, 2001, the Examiner has advised that amended claim 33 and newly added claims 47-67 were directed to an invention that is independent and distinct from the originally claimed invention. The Examiner then withdrew these claims from consideration as directed to a non-elected invention. This rendered the Amendment not fully responsive.

Applicants have filed herewith a Divisional Continued Prosecution Application directed to claims 33 and added claims 47-67. This filing with the Amendment is believed to constitute a complete response. Accordingly, reconsideration and examination of amended claim 33 and added claims 47-67 is respectfully requested.
